DUTCH CUSTOM BUILT TRAWLER YACHT

BROKER'S COMMENTS

"Laertes is a Steel Dutch Trawler Yacht, designed by Kurt Beister and built in 1966 at N.V. Scheepswerf De Vooruitgang. Her round bilged displacement hull with 3 water tight bulkheads provides excellent seagoing capabilities and enables safe passages. Her machinery and equipment is up-to-date and of very good quality. The tasteful and timeless interior accommodates the owner and guests in two cabins. Laertes will be arriving in Holland in Juli where she can be inspected at De Valk Sneek. "

Pieter Bosma
